Experience

Student
Christ University, Bangalore · Full-time
Jul 2023 - Present · 1 yr
Bangalore Urban, Karnataka, India

Cyber Security Intern
Prodigy InfoTech · Internship
Mar 2024 - Apr 2024 · 2 mos
- Gained practical experience in cyber security, focusing on enhancing system security and mitigating cyber threats.

Skills

Artificial Intelligence and Machine Learning: In-depth understanding of AI and ML principles gained through my academic curriculum.

Cyber Security: Practical experience from a completed internship at Prodigy InfoTech, where I worked on enhancing system security and mitigating cyber threats.

Programming in C: Proficient in C programming, with foundational knowledge from the "Intro to C" course on Udemy.

Python Programming: Continuously improving my Python skills through online study at Guvi, focusing on building efficient and scalable solutions.

Communication Skills: Actively enhancing my communication abilities through courses at HSC Home Study Centre, ensuring clear and effective information exchange.

Projects

Pixel Manipulation

Developed a project to manipulate and process images at the pixel level.

Caesar Cipher

Implemented a basic encryption algorithm to understand cryptographic principles.

Password Manager

Created a secure application for storing and managing passwords.

Web Development

Built multiple web projects, including landing pages, portfolios, and calculator games.
